All My Sins

Mandalay

Taken that vow
You know he's
Taken by now
Upset you
Talked you all 'round
In sympathy oh girlWalk by the sea
Forgive me all my sins
Sift through my memory
And find where I beginLie in the warm sand
And dig in my heels
Cry for my dead child
Forget how that feelsCloser to home
He cuts you
Close to the bone
He won't leave you
It's too far to crawl
And everyone knowsWalk by the sea
Forgive me all my sins
Sift through my memory
And find where I beginLie in the warm sand
And dig in my heels
Cry for my dead child
Forget how that feelsWalk by the sea
Forgive me all my sins
Sift through my memory
And find where I beginLie in the warm sand
And dig in my heels
Cry for my dead child
Forget how that feelsI can feel me rising
I can feel me risingWalk by the sea
Forgive me all my sins
Sift through memory
And find where I beginLie in the warm sand
And dig in my heels
Cry for my dead child
Forget how that feels(Repeat X2)
