Let's Get It Started

Mc Hammer

Let's get it started
Let's get it started
Now your party wasn't jumping and your DJ was weak
Instead of dope beats, he was spinnin' them Z's
All the fly girls who came with a beat in mind
They all up against the wall like a welfare line
Do you think for one minute that this is it?
Your party is bogus, yo it ain't legit
You better put on the Hammer and you will be rewarded
My beat is ever boomin' and you know I get it started
Get it started
Let's get it started
Let's get it started
Let's get it started
Let's get it started
Now get up out your seat because my beat is so complete
I'm movin' everybody from A to Z
And when it comes to straight up rockin', I'm second to none
From Doug E. Fresh to LL or DJ Run
They say, "Hammer, how you do it?"
I got it like that, my posse's ever rollin', we keep it intact
Just put on the Hammer and you will be rewarded
My beat is ever boomin' and you know I get it started
Get it started
Let's get it started
Let's get it started
Let's get it started
Let's get it started
Let's get it started
Now, a lot of B-Boys make 'em dance, yo they fakin' the beat
They hip-hop on the outside put rock underneath
Before the show gets started, they shakin' they boots
My posse in the end cold displayin' the troops
Like a trooper, I'm down cold hooked on the drugs
808 SB12 are expirin' Africans
Just put on the Hammer and you will be rewarded
My beat is ever boomin' and you know I get it started
Get it started
Let's get it started

Let's get it started
Let's get it started
Let's get it started
They said it couldn't happen, that rap wouldn't last
The beat is in effect like the oil in your gas
'Cause it's makin' lots of money from top to bottom
Whatever in effect, yo, B-Boys have got 'em
Nobody knows how a rapper really feels
A mind full of rhymes and a tongue of steel
Just put on the Hammer and you will be rewarded
My beat is ever boomin' and you know I get it started
Get it started
Let's get it started
Let's get it started
Let's get it started
Let's get it started
Let's get it started
Let's get it started
Let's get it started
Let's get it started
Let's get it started
