Erica Kane

Aaliyah

Erica Kane, Erica KaneShe's back on the street [Incomprehensible] for the night
Fill you with grief, she cuts like a knife
Make you do things that no others could do
She turns a professor into a foolOh, she ain't hard to get, the girl gets around
And those that she met are destined to drown
She'll make ya change like you never believe
She'd turn a working man into a thief, ohShe's Erica, Erica, Erica, Erica
