

What a Beautiful Day

The LaFontaines

We've read it in the Scriptures. We're living out its time walking through the last days the end time.
We see the times are careless, evil grows each day. In this this closing moments all there really is to say..

What a beautiful day,
What a beautiful sometime
What a wonderful age it is to walk with Him
What a wonderful life
What an excellent place to share the saving Grace.
To live the gospel way, what a beautiful day.

What an awesome honor
What a joy to know
hear the call by God
The one He chose

He's giving us the power
Heaven's light divine in the darkest hour it is time for us to shine

What a beautiful day,
What a beautiful sometime
What a wonderful age it is to walk with Him
What a wonderful life
What an excellent place to share the saving Grace.
To live the gospel way, what a beautiful day.
