U Wear It Well

Jennifer Leonhardt

Oh your collar bone is hiding
Underneath the buttons of your shirt
And the heartbeat in your swallow
Is a mirror of the flirt in your eye,
in your eye

So, life is putting on the colors
And parading out the joy
Captures me inside the bubble
Of the love of another nice boy
Oh he's such a nice boy

Chorus
And it's vain to try and argue
Off another pretty spell
'Cause my love for you is real
And you wear it well
Oh you wear it so well

Your hands are all occluded
By the length of your sleeve
But the stem of every finger
Has me blowin in a breeze
of flyin leaves

So this makes us both a party
To our own public execution
We will both of us be hanging
On each other's looks and words for a while
Oh I hope it's for a while

Chorus
And it's vain to try and argue
Off another pretty spell
'Cause my love for you is real
And you wear it well
Oh you wear it so well
