Memories

Soma Sonic

To know... to hold... to feel... to hear...
You've played on the strings on my heart
New sounds I never heard so far.
Feelings, following, feeling my heart
Now, I know it's still my desire.To know your love
To hold your hand
To feel your touch
To hear your voice.You've played on the strings of my heart.
You made me laugh, you made me cry.
All of those memories in my heart.
I just want to keep them in my mind.I felt the strongest feelings
I've known the deepest love.
I've heard the nicest thoughts.
I've seen the sweetest eyes...I've seen your delightful smile
I've heard your most tender words.
I've spent some unforgettable times.
Never ending hours... with you...To know your love
To hold your hand
To feel your touch
To hear your voice.
