

Take You Tonight

Ozark Mountain Daredevils

No, tell yo' mama, no telephone
No tellin' baby when I take you tonight
 Nobody baby know where you gone
No tellin' baby where I'll take you tonight Maybe inside of heaven but if I do
 No tellin' baby when I take you
 Make you, take you tonight No tellin' baby can't tell what's right
 No tellin' baby where I'll take you tonight
 Maybe inside of heaven, under the lights
Just like a movie when I take you tonight Can't you just see us runnin' right out of sight
 Nobody tellin' when I take you
 Make you, take you No tell yo' mama, no telephone
 No tellin' baby when I take you tonight
 Nobody baby know where you gone
No tellin' baby where I'll take you tonight Maybe inside of heaven but if I do
 No tellin' baby when I take you
 Make you, take you
