

Up All Night

Caesars

Can sit up all night
If I want to
Gonna be alright
I can stay up all night
If I need to
Just like I used to do
Before
My baby can stay out all night
If she wants to
She's gonna be alright
Well, baby can stay out all night
If she needs to
She's got things to do
For sure

I can sit up all night
If I want to
Gonna be alright
Can stay up all night
If I need to
Just like I used to do
Before
My baby can stay out all night
If she wants to
She's gonna be alright
Well, baby can stay out all night
If she needs to
She's got things to do
For sure
