

How It Feels (To Be With You)

Eleventyseven

Just like its snowin' in the summer time
Somethings different and i can't explain it
Its like im breathing in sunshine
Its takin' over and i can't contain it
This love is changing me, it brought me to my knees
Now its teaching me to flyyyyyyy

Thats how it feels to be with you
Its like im finally alive
Thats how it feeeeeeeels
To be with yooooooooou

To be with yoooooooo

I always thought i was invincible
I never knew that I was waiting on a break-through
My heart was always only half-fuuuuuull
Until the moment that i finally found you
Its everything i dreamed
Even more it seems
To fall into your arms

Thats how it feels to be with you
Its like im finally alive
Thats how it feeeeeeeells
To be with yooooooooou

To be with yoooooooo

How it feeeeels
My heart cant deny
How it feeeeels

Thats how it feels to be with you
Its like im finally alive
Thats how it feeeeeeeels
How it feels to be with you
I know my heart can't deny
How it feeeeels to be with yooooooooou

I cant never get enough
(how it feeeees to be with yooooou)
I can never get enough
(how it feeeees to be with yooooouuuuu)
I can never get enough
(how it feeeeeeeeeeeels)
To be with youuu.
