You Caught The Light

CHVRCHES

I hear you when you call
There's a sign for her and everyone
And go on, but not with me
And let it all fall down
Let it all fall downSky is light
You caught the light
You carried mine
You caught the lightThey said that you would call
And take it all, it's history
And we're laughing until the end
Let the rain come down
Let it all come downSky is light
You caught the light
You carried mine
You caught the lightSky is light
You caught the light
You carried mine
You caught the light
