God Made Hate

Living Things

I've been here for so long answering prayers
God and faith have since gone, they've disappeared
Man ate man before he amen against our will
And he who suffers will suffer this guildEverybody, everybody, everybody, everybody
Everybody, everybody, everybody, everybody
Ignore them orders, ignore them orders
'Cause God made hate, God made hate
God made hate, God made hateAll hail die the maker, make him walk in death
In the house of abortion, bleed intensive care
And the past has been forgotten, the end is near
I've been here for so long gambling prayersEverybody, everybody, everybody, everybody
Ignore them orders, ignore them orders
Come bleed our fathers, God bless our mothers
'Cause God made hate, God made hate
God made hate, then God made youHe'll televise my suicide for the rest of you
Decide for the rest of you
That heaven is His waiting room
Heaven is a waiting roomIgnore them orders, ignore them orders
Come bleed our fathers, God bless our mothers
'Cause God made hate, God made hate
Then God made youGod made hate
God made hate then God killed you
Killed you, killed youPraise the Lord, praise the Lord
Praise the Lord, praise the Lord
Come on, get on your knees
And pray
