

Cherry Pie

[Nick Carter](#)

Lipstick, fire truck red, good rush, straight to my head
Sun kiss under her dress
Smells like sex, like sex Can we go and break in my backseat
Take me home and unwrap your candy
'Cause you got something, something that is so sweet
I want a piece, sweet as cherry pie
Sweet as cherry pie
(Pie, sweet as cherry pie)
Sweet as cherry pie
Sweet as cherry pie
(Pie, sweet as cherry pie) So hot, burning my tongue
I can't stop, I think I'm in love
Everybody needs a little spice
Come over sugar, won't you give me a slice Can we go and break in my backseat
Take me home and unwrap your candy
'Cause you got something, something that is so sweet
I want a piece, sweet as cherry pie
Sweet as cherry pie
(Pie, sweet as cherry pie)
Sweet as cherry pie
Sweet as cherry pie
(Pie, sweet as cherry pie) Rose and dreams, ice-cream skin
We touch and go, where we've never been Can we go and break in my backseat
Take me home and unwrap your candy
'Cause you got something, something that is so sweet
I want a piece, sweet as cherry pie
Sweet as cherry pie
(Pie, sweet as cherry pie)
Sweet as cherry pie
