Approach to Danger

N.W.A

What you want is an unexpected approach
That may delay a suspect's awareness of your presence
Until you have a chance to assess
The situation you are confrontedApproach to danger, don't move
It's hard to predict what would happen next
Oh s***, he has a gun, drop the gun
You could've prevented a tragedyYou can approach but the danger light is blinkin'
A self-destruct button is activated when I'm thinkin'
This is a tribulation, the weak is judged
The prophecy was fulfilled 'cause I never budgeI took up the tools, crucifixion was the extreme
They're seein' doubles of me, but it wasn't a dream
One vision was of life, the other was death
And life didn't give a *** if death took your last breathSo you burn in my pit that I call 'Hell'
Where you got sent because your *** don't sell
My 20/20 was blurry from the smoke
Of the *** that I burned and tormented but I didn't chokeI started doin' 'em, I kept on doin' 'em
Two of 'em, shoot 'em up 'til that *** Ren was through with 'em
And my presence to the suckers was of a stranger
But *** it, they can approach to the dangerIf you can be seen, you can be hit
If you can be hit, you can be killed
He's on the line, shoot himFatal approach to danger, just to remain a strangler
Out run the shot of a gun when the game's up
Murder in the first degree but it's worse to be
A dead motherf*** or a *** in custodyWith everybody thinkin' of death
I kept workin' to be one of the last n*** left
So many people lookin' for hope, they broke
Without checkin' the fingerprints on a motherf*** throatA heart of steel can reveal the real *** in me
So figure to see the D E A D
Bodies like a *** straight walkin' in a cemetery
So it's very necessary to carryAmmunition for *** wishin' but they better take caution
Before Dre goes off
And starts killin' motherf*** just in order to change the
Anger for the real *** when I approach to dangerApproach the motherf*** danger
Come back to hell and see me some time
This is it, y'allFinal approach to danger, death, destruction around every corner
Another dead body and you wanna keep runnin'
But even the day turns black
All you can do is stay alert and try to stay out of the searchlightNo prison, nobody makes bail
Everybody gotta go but see it ain't no jail

Think about death, takin' your last breath
Heart beatin' like a motherf***, like it ain't no time leftWith so many ways to stay up, I gotta get mine
Even though they wanna make a crime, yo
Of bein' real, a federal letter in the beginnin'
Because of the release of 'F*** Tha Police'*** it I approach the danger
'Cause I don't give a *** if somebody gotta get *** up
So you might as well kiss your ass goodbye
'Cause in the long run, we all die
