

My Boy

Neil Young

Why are you growin' up so fast
My boy?
Oh, you'd better take your time.
Why are you growin' up so fast
My son? Almost time to live your dream
My boy.
Oh, you'd better take your time.
Almost time to make some plans
My son. Vacation gone, school is out,
Summer ends year in year out. Oh, you'd better take your time
My boy.
I thought we had just begun.
Why are you growin' up so fast
My son? Vacation gone, school is out,
Summer ends year in year out. Why are you growin' up so fast
My boy? Why are you growin' up so fast
My son?
