Get You Back

She Craves

You were always around me
Picking up the pieces showing me just how you feel
But I didn't need you
I had it figured out I never thought that you were real

Until you went away
Then I realized my mistake

How do I get you back
Now that you've gone so far away
How do I get you back
Now that you've run so far away
How do I get you back

You would listen to everything
Listen to me cry and listen to me when I'd sing
But I didn't notice
Cause I was just to busy going on and on about me

But then you went away
And I realized my mistake

How do I get you back
Now that you've gone so far away
How do I get you back
Now that you've run so far away
How do I get you back

And I would search, I would search and turn the whole world over
Hoping for another trying
And I, I'd visit every town and get the whole world asking
Hoping just to find out why

I don't know what I was looking for
But I sure thought I knew then
To believe in nothing I sure sound something
That I thought would never end

How do I get you back
Now that you've gone, gone away

How do I get you back
Now that you've run so far away
How do I get you back
How do I get you back
How do I get you back baby
