

Ain't No Love

DJ U-Neek

I don't know what you've been told, baby
But, there's definitely something wrong with you
 This shit is getting kinda old baby
Staying out all night and acting like a fool
 You don't come home at night
 All we do is fuss and fight
 Still, hangin' with the boys
When I'm the only one employed
 Can't buy me diamond rings
 Can't buy a damn thing
 Pager beeping 911
I thought I was the only one
 Ain't no love, ain't no joy
 Ain't no times left to enjoy
 Ain't no love, even no lust
Ain't no kindness baby, ain't no trust
 Lately, you been kinda bold, darlin'
 Getting pages and calls all night through
 I guess it's time for me to fold darlin'
'Cause there's nothing left to hold on to
 Ain't no love, ain't no joy
 Ain't no times left to enjoy
 Ain't no love, even no lust
Ain't no kindness, baby, ain't no trust
 Ain't no love, ain't no joy
 Ain't no times left to enjoy
 Ain't no love, even no lust
Ain't no kindness, ain't no trust
 Ain't no love, ain't no joy
 Ain't no times left to enjoy
 Ain't no love, even no lust
Ain't no kindness, ain't no trust
 Ain't no love, ain't no joy
 Ain't no times left to enjoy
 Ain't no love, even no lust
Ain't no kindness baby, ain't no trust
 Hey, hey, yeah-e-yeah
 Yeah-e-yeah
 Through all the pain that you caused me
 I was there, I was there
 Through all the times, that you didn't see
I was there, I was there
 Through all the gambling debts you had
 I was there, I was there
 Now I'm gone and it's too bad
I was there, I was there
 Through all the pain that you caused me
 I was there, I was there
 Through all the times, that you didn't see
I was there, I was there
 Through all the gambling debts you had
 I was there, I was there

Now I'm gone and it's too bad
I was there, I was thereThrough all the pain that you caused me
I was there, I was there
