

Trying to Write a Love Song

Adam Hood

We've be doin' everything the hard way
Aint getting nothing but a heartache
Girl I know what I'm talking about
When i tell you everything is gonna work out()
C'mon baby, I'm trying to write a love song
I'm gonna need a little help from you
so slide over, closer to where you belong
Give me something that I can use
That ain't a dress, that's an invitation
It's providing a lot of inspiration
When I get you in my arms tonight
I promise everything is gonna be alright.C'mon baby, I'm trying to write a love song
I'm gonna need a little help from you
So slide over, closer to where you belong
Give me something that I can use
I'm tryin' to write a love song for youI promise everything is gonna be alright
C'mon baby, I'm trying to write a love song
I'm gonna need a little help from you
so slide over, closer to where you belong
Give me something that I can use
You're the one I wanna sing it toI'm tryin' to write a love song for you
I'm tryin' to write a love song
C'mon baby
