

# Let Me Share The Ride

## The Black Crowes

Hey there buddy  
Slow down for me  
I'm friendly and I'm clean  
I will not rob you or cause you misery  
Your wheels sound good to me  
I ain't green with travel  
As you can see  
I only got one bag  
If I am trouble drop me off  
In Abilene  
I'll pay my gasoline

[Chorus:]

Let me share the ride  
Let me share the ride

It's hard living on travel time  
Please let me share your ride

I never was a young man  
Never felt old  
This life is a mystery  
My coffee's hot not cold  
I'll turn your dashboard gold  
Slow down take a look at me

I'm not not running from anything  
I've no past to hide  
I've got no secrets haunting me  
I just easy ride
