

American Daydream

Electric Guest

chorus:

we keep going,
don't stop running,
they keep selling,
we don't want it.

So close to it,
almost found a way.

Two step close,
they keep coming,
we keep yelling,
we don't want it.

Almost better,
This thing's bound to break.

Verse:

why don't you make yourself available,
In fact, she told me that she wanted it free,
It's easy.
