

Those Girls

Kinky

Those girls, those girls
Those girls, those girls
Those, those, those, those, those, those, those girls
Girls, girls, girls, girls, girls, girls Those girls, that's what you want, those girls
Those girls, that's what you want, those girls
Those girls, that's what you want, those girls The palms they are sweatin' on the back of my neck
And the anxiousness is settin', it's circling 'round my head
Just like a moth who just got a picked off by that hundred watt light bulb
Was the likely truth Standing in the doorway
Waiting in the doorway
Waiting for the phone to ring
Waiting for the lights to go out
Those girls, those girls Standing in the doorway
Waiting for the phone to ring
Waiting for the lights to go out
Girls, girls, girls, girls, girls, girls Those girls, that's what you want, those girls
Girls, girls, girls
Those girls, that's what you want, those girls
Girls, girls, girls The anxiousness is setting in, the palms they were sweatin' in
My thoughts second guessin' 'em, they're circling around my head
Just like a moth that just got a picked off by that hundred watt light bulb
Was the likely truth Standing in the doorway
Waiting in the doorway
Waiting for the phone to ring
Waiting for the lights to go out
Those girls, those girls Standing in the doorway
Waiting for the phone to ring
Waiting for the lights to go out
Those, those, those, those, those, those, those Those girls, that's what you want, those girls
Those girls, that's what you want, those girls
Those girls, that's what you want
Those girls, that's what you want, those girls
