

# Go

## Grimes

Dreams, they feel like memories when I dream of you  
Time won't stay, it'll stretch itself out from a minute to days  
And I'd like to think that we don't dream to wipe it off  
'Cause I've been here Living up, giving up  
When I go, can I go with you, you?  
When I go, can I go with  
Go, go, go, go, go with  
(Go with)  
Go, go, go, go, go  
(Blood diamonds) Happy scenes, a stupid dream when I dream of you  
They don't stay, it might all be delusion but I couldn't say  
And I'd like to think that we don't dream just to dream it off  
'Cause I've been here In love, give it up  
When I go, can I go with you, you?  
When I go, can I go with  
Go, can I go with  
Go, can I go with  
Go, can I go with  
Go, can I go with  
Go, can I go with  
Go, can I go with  
You
