

Fuck Love (feat. Trippie Redd)

XXXTENTACION

Baby I need you in my life, in my life
Please bae, don't go switchin' sides, switchin' sides
I swear this is where you reside, you reside
Please bae, don't go switchin' sides, switchin' sides
Yeah, yeah, yeah
Oooh, please don't throw your love away, huh
Please don't throw your love away, huh
Please don't throw your love away, huh, yeah, ayy I'm nauseous, I'm dyin'
She ripped my heart right out
Can't find her, someone to love
My eyes are all cried out
Lost it, riots
Gunfire inside my head
I've lost it, riots
Gunfire inside my head
Baby I need you in my life, in my life
Please bae, don't go switchin' sides, switchin' sides
I swear this is where you reside, you reside
Please bae, don't go switchin' sides, switchin' sides
Yeah, yeah, yeah Oooh, please don't throw your love away, huh
Please don't throw your love away, huh
Please don't throw your love away, huh, yeah
