

# They Are Not Right

## Oh No Not Stereo

We all have feelings inside  
We've all been told what's wrong and right  
I'm trying to stay alive  
in a twisted system filled with liesThey are not right!  
and we are alright!We've all got our reasons inside  
to wonder what it's like to die  
Don't tell me what to think  
I'm not gonna fight another man's fightThey are not right!  
and we are alright!The Government is lying  
And people are dyingThey are not right!  
and we are alright!
