Lone Wolf

[Obey the Brave](#)

I follow my own codeBack at it again
Another day, far away from home
No matter where I stay
No matter where I roam
Homesick every now and then
Divide the boys from the men
Back at it againLonesome, I stand
I am Lone WolfLonesome, I stand
I am Lone Wolf
Got the upper hand
Never under command
Lonesome, I stand
I am Lone Wolf
I'll keep running
I'll keep slipping awayLive for the kill
No standing still
Go! Go! Go!Life on the road
I owe nothing
I follow my own codeBack at it againLonesome, I stand
I am Lone Wolf
Got the upper hand
Never under command
Lonesome, I stand
I am Lone Wolf
You can't cage a king
You can't clip my wings
Lone WolfLonesome, I stand
I am Lone Wolf
I'll keep running
I'll keep slipping awayLive for the kill
No standing still
Go! Go! Go!Life on the road
I owe nothing
I follow my own codeStand back 'cause I may bite
Never ever backing out, not without a fight
Stand back
Lone Wolf comes out at night
Hunts out of sightGo it alone
Go it alone

I'll stay true to my boys; my ownGo it alone
Go it alone
Into the unknownLonesome, I stand
I am Lone WolfLonesome, I stand
I am Lone Wolf
Got the upper hand
Never under commandLonesome, I stand
I am Lone Wolf
I'll keep running
I'll keep slipping awayLive for the kill
No standing still
Go! Go! Go!Life on the road
I owe nothing
I follow my own code
I follow my own code
