

# GERMAN DAYS

## Iggy Pop

Speak easy  
Knock on the door  
They'll check you out  
Through the peep hole There's a man  
Who knows what you want  
There's a girl  
Who'll capture your flag Glittering champagne on ice  
Garish and overpriced Champagne on ice  
Dish overpriced Schnellimbiss  
And Pope Benedict  
Brilliant brains  
And the end of pain Germany  
Must germinate  
Germinate  
In a German way Garish and overpriced  
Glittering champagne on ice Berlin and Christ  
Champagne on ice German Days  
German Days  
German Days  
German Days German Days

Song Discussions is protected by U.S. Patent 9401941. Other patents pending.
