

# Rise Up

## Imagine Dragons

I was hoping for an indication  
I was seeking higher elevation  
Ay, ay, ay  
Ay, ay, ay  
I've been shaken wakin' in the night light  
I've been breakin' hiding from the spotlight  
Ay, ay, ay  
Ay, ay, ay The more I stray the less I fear  
And the more I reach the more I fade away  
The darkness right in front of me  
Oh it's calling out and I won't walk away I would always open up the door  
Always looking up at higher floors  
Want to see it all give me more (rise, rise up)  
I was always up for the making changes  
Walking down the street and meeting strangers  
Flipping through my life turning pages (rise, rise up) Like a prayer that only needs a reason  
Like a hunter waiting for the season  
Ay, ay, ay  
Ay, ay, ay  
I was there but I was always leaving  
I believe it, that I was never breathing  
Ay, ay, ay  
Ay, ay, ay The more I stray the less I fear  
And the more I reach the more I fade away  
The darkness right in front of me  
Oh it's calling out and I won't walk away I would always open up the door  
Always looking up at higher floors  
Want to see it all give me more (rise, rise up)  
I was always up for the making changes  
Walking down the street and meeting strangers  
Flipping through my life, turning pages (rise, rise up) I'm bursting like the 4th of July  
So color me and blow me away  
I'm broken in the prime of my life  
So embrace it and leave me to stray I would always open up the door  
Always looking up at higher floors  
Want to see it all give me more (rise, rise up)  
I was always up for the making changes  
Walking down the street and meeting strangers  
Flipping through my life turning pages (rise, rise up) I would always open up the door

Always looking up at higher floors  
Want to see it all give me more (rise, rise up)  
I was always up for the making changes  
Walking down the street and meeting strangers  
Flipping through my life turning pages (rise, rise up)
