

Wonderfully Made

Matthew West

Once upon a time
Life was so innocent
Somewhere along the line
Your smile came and went
They made you feel like
You just don't measure up
They try to steal your light
But you are a treasure of
The maker of the stars, the stars
You don't have to wonder
You are wonderfully made
Perfectly beautiful in every way
Wonderfully, wonderfully made
You're anything but typical it's true
They ain't seen anybody quite like you
God never makes a mistake
You are wonderfully, wonderfully made
See, once upon a time
There was a secret place
Where heaven's hand designed
Even those freckles on your face
Some things you'd rather trade
Some things you try to fix
Love has one thing to say
It's perfect just the way it is, just the way it is
So the world could see the works of God on display
So let your doubts and your fears and your questions fade away
Let 'em fade away
Once upon a time life was so innocent
I think it's time that smile found its way back home again
