

Generation Dead

Five Finger Death Punch

I look around and all I see is evil
Walking dead disguised as real people
It's kill or be killed 'cause life is not forever
It comes apart and then it falls together I am what you made me
'Til death do I part It's the world I've grown to know
Unforgiving and so cold
Take it away
Take it away
I don't want it It's a life I'm forced to live
I've got nothing more to give
Take it away
Take it away
I don't want it anymore We're generation dead
We're dead You see yourself as such a fucking shepherd
But you drift the blind and then you curse the leper
Do you really want my true opinion?
You've taken more than you've ever given You are what you are
Until death do you part It's the world I've grown to know
Unforgiving and so cold
Take it away
Take it away
I don't want it It's a life I'm forced to live
I've got nothing more to give
Take it away
Take it away
I don't want it anymore Generation dead It's the world I've grown to know
Unforgiving and so cold
Take it away
Take it away
I don't want it It's a life I'm forced to live
I've got nothing more to give
Take it away
Take it away
I don't want it anymore It's the world I've grown to know
Unforgiving and so cold
Take it away
Take it away
I don't want it It's a life I'm forced to live
I've got nothing more to give

Take it away
Take it away
I don't want it anymore We're generation dead
We're dead
