Perfect View

Ufo

My sweet darling night How the city swings A little kiss of angels A little tune of things And she mesmerizes, captivates A message for a heart that aches Now you are sixteen And you're stuck in jail Eighteen plus There's no sign of bail And she mesmerizes, captivates A message for a heart that aches My thousand dollars ain't going nowhere And the revelations kiss, tell and dare I've got a perfect view of what I want to do I've got a perfect view Am I getting through to you? Twenty one is easy But I don't know, why? There's no difference This bird will fly My thousand dollars ain't going nowhere And the revelations kiss, tell and dare I've got a perfect view of what I want to do Yes, a perfect view Am I getting through to you? And she mesmerizes, captivates A message for a heart that aches My sweet darling night How the city swings A little kiss of angels A little tune of things My thousand dollars ain't going nowhere And the revelations kiss, tell and dare I've got a perfect view of what I want to do Yes, a perfect view Am I getting through to you? I've got a perfect view of what I really want to do Was a perfect view

Am I getting through to you?
