Be Easy (ft. Kinetics)

Radical Something

Yeah
Feelin' fantastic... cmon
Man a group like this you never could've expected:
Cocktail mixed with some Loggy and Kinetics
So just relax
Lay back and Be Easy
Take your time, let it go, live freely
And Be Easy (You know)
Palm trees, palm trees where we sit 'n' write
Strong drinks, strong drinks what we sippin' like
Their on me, on me cuz we're living right
And who's sayin' that some new love can't begin tonight?
Well I didnt, and neither did you
And only got essentials, yeah reefer for two
And now you got me goin' mental, ain't a thing I can do
You're sinking deeper in my chest as I'm thinkin of you
And so the sun melts with a unified brilliance
I find words to describe you in the millions
Sweet sublimals but your a villainous
A sweet criminal stealin' all my feelings for yourself
And watch the shadows stretch across the pavement
And when the coastline wonders where the waves went
My thoughts surface, crept up from the basement
Giving me a hint that you know im gunna take with
So just relax
Lay back and Be Easy
Take your time, let it go, live freely
And Be Easy
I watch the sun travel over the sky
See how long I can survive without a phone at my side
And in this moment I can flashback back to my youth
Imagine a BlackBerry and fathom an Apple as actual fruits
Speakin' of apples, I love the city I reside
But why these people kill themselves over their 9 to 5s?
All these items that are gilded aren't gold inside
How much lifestyle must you buy before you feel alive?
Those dreams covered in glitter couldn't be hollower
Even without a Twitter you're still considered a follower
So if I was starry-eyed, sorry, I apologize

I just hit up Loggy for a collie ride
And we took a pair of headphones from the east coast (Kinetics)
And a little Cali bud from the west (yo it's Loggy)
And stirred it up inside a cocktail (yeah)
And then we ended up with this... be easy
So just relax
Lay back and Be Easy
Take your time, let it go, live freely
And Be Easy (You know)
Lay back and be easy
Just take your time, let it go, live freely
Be Easy
Just relax, lay back, Be Easy
Take your time, let it go, live freely
