Ain't No Sunshine

Kymaera

Ain't no sunshine when he's gone
It's not warm when he's away
Ain't no sunshine when he's gone
And he's always gone too long
Anytime he goes away
I wonder this time where he's gone
Wonder how long he's gone to stay
Ain't no sunshine when he's gone
And this house just ain't no home

Anytime he goes away
Well, I know, I know, I know, I know, I know
I know, I know, I know, I know, I know, I know
I know, I know, I know, I know, I know, I know
I know when he's gone, always gone too long
Anytime he goes away, anytime he goes away
Anytime he goes
