

# The Other Side of Town

## The Relapse Symphony

I'm waitin' for you, on the other side of town.  
Just to ignore you so that you won't find me out.  
If I don't speak, then you won't hear  
all the things that you want me to say.  
If I just avoid them, then my lies might go away.  
My lies might go away. Woah-oh-oh-oh!  
And I can never tell you I'm honest  
Woah-oh-oh-oh!  
for telling you I'm wanting to stay.  
There's nothing more that I hate,  
than the plans that we make.  
Woah-oh-oh-oh!  
I'm questioning my honesty,  
and honestly I need to leave. You're waitin' for me, on the south side of the phone.  
I know that you find me in the punchline of your jokes.  
If I don't think, then I won't feel  
all the reasons that I should have stayed. (that I should have stayed)  
If I just avoid them, then my lies might go away.  
My lies might go away. Woah-oh-oh-oh!  
And I can never tell you I'm honestt  
Woah-oh-oh-oh!  
for telling you I'm wanting to stay.  
There's nothing more that I hate,  
than the plans that we make.  
Woah-oh-oh-oh!  
I'm questioning my honesty,  
and honestly I need to leave. It's not what you want.  
Now you've got nothing to show.  
To tell the truth, I'd rather be alone. I can never tell you I'm honest.  
And honestly I need to leave. Woah-oh-oh-oh!  
And I can never tell you I'm honest  
Woah-oh-oh-oh!  
for telling you I'm wanting to stay.  
There's nothing more that I hate,  
than the plans that we make.  
Woah-oh-oh-oh!  
I'm questioning my honesty,  
and honestly I need to leave. I just wanna leave.  
(See ya.)
