

# Something In My Eye (12" Mix) [Bonus Track]

## Attrition

Temptation  
OK then  
You got itIt's tricky but fun  
And coming at you son  
Kicking up dust  
From six feet under  
This thief, from my dream  
Was stealing the scene from my eyes  
I got something in my eye  
I got something in my eyeKicking up a fuss  
And pretending it's us  
I'm figuring enough  
You steal my thunder  
This madman was making a blindfold  
And taking it to my eyesI got something in my eye  
I got something in my eyeGod sat down  
He said, "I'm going down to the place  
Where you surrendered"  
But a note on the ground  
Said you were fooling around  
It's not what I rememberedI got something in my eye  
It's wicked but fun  
Kind of beautiful and going for a song  
It makes me wonder how soon she'll find  
This thorn in my side, in my eyeI got something in my eye  
I got something in my eye  
I got something in my eye  
I got something in my eye
