Goodbyes Made You Mine

JT Hodges

I'm not your high school crush, your first love, your first kiss
Guy that crossed you off of his list
I'm not the red tail lights that left you behind again and againI'm not your jealousy, pre med, big man
Promised you a ring and took another girl's hand
What's it gonna take to make you understand I'm not that manThis is me now
Baby, don't doubt
The love I can give to you
You gotta knowI ain't the same old, let you go
Run you around
String you along, do you wrong
Like they done you till now
Girl, after all you've been through
I knew it'd be a matter of time
Till all those goodbyes made you mineYeahI've been your late night call, your shoulder to cry on
Out on the highway listenin' to sad songs
Talkin' all night 'bout stupid things, makin' you smileI've been right here all of these years
I am your man
By now, you oughta knowI ain't the same old, let you go
Run you around
String you along, do you wrong
Like they done you till now
Girl, after all you've been through
I knew it'd be a matter of time
Till all those goodbyes made you mineNo more lonely nights starin' at your cell phone
No more clingin' to a love so cold
With me, you'll never have to be aloneI ain't the same old, let you go
Run you around
String you along, do you wrong
Like they done you till now
Girl, after all you've been through
I knew it'd be a matter of time
Till all those goodbyes made you mineGoodbyes made you mineI ain't the same old, let you go
Run you around
String you along, do you wrong
Like they done you till now
Girl, after all you've been through
I knew it'd be a matter of time
Till all those goodbyes made you mine
