

I Didn't Know People Could Do That

[**Ariel Abshire**](#)

This morning I woke up
I had been thinking
It wasn't an ordinary dream
I was actually thinking while I was asleep
I didn't know people could do that

Woke up this morning
Barely breathing, screaming
Trying to remember the things I thought about
While I was asleep

I didn't know people could do that

This morning I woke up
And I had been thinking all along about you
What were you doing
When you laid at the crosswalk,
Held your breath 'til your face was blue?

I didn't know people could do that

There was a line at the supermarket last week
I thought about what I would think about
When I sleep
As I stood in the line, as I stood in the line
You hunched over me, told me your theory
About winning the lottery
You taught me all about money
And taxidermy

And I didn't, I didn't know
And I didn't, I didn't know
I didn't know people could do that

I didn't know people could do that
