

# Livin' In The No

## Motley Crue

My girlfriend says I can't do this  
My wife says don't do that  
Another case of PMS, gonna have me a heart attack  
I need a small vacation man, life's a mini-wreck  
Told my lawyers and accountants, done took all I can takeLivin' in the no  
One more fucker breathin' down my back, think I will explode  
Livin' in the no  
Everyday, everywhere I go livin' in the noTV says 10 dead for Christmas stalker on the loose  
Another freeway shooting, I'll be hangin' by a noose  
I cant seem to shake it, I can't seem to bend the spell  
Special thanks to Mom ' Dad for bringing me to hellLivin' in the no  
One more shark breathin' down my back, think I will explode  
Livin' in the no  
How'd you like to live your life, livin' in the noYou heard what the magic caught?  
On too many penthouse pets  
Get some protection baby  
Lord knows you might be nextLivin' in the no  
One more mother breathin' down my back think I will explode  
Livin' in the no  
How'd you like to live your life, livin' in the noLivin' in the no  
One more fucker breathin' down my back, think I will explode  
Livin' in the no  
Everyday, everywhere I go livin' in the no
