

Go DJ

Childish Gambino

[Intro]

Yo I want to give a special shout out to DJ Drama, for letting me do this

I really appreciate it (And it's like this)

Hey go DJ! (That's my DJ!)

Hey go DJ! (That's my DJ!)

Hey go DJ! (Uhh, yeah, uhh)[Verse]

Stuntin' 101, I'm doing shit that ya'll never done

Talking from TVs and movies, these the choppers to Uzis

Nothing can bruise me, nigga this is more than a movement

My squad is forever, we ain't getting annulments

New song on your speakers got me getting enormous

Played a performance, niggas getting paid on performance

A lot of ya'll hate cause my women is gorgeous

I mean they a work of art, something out of a portrait

I mean I'm a work of art, all my verses is poetry

Niggas is different, you chicken, we ain't fucking with poultry

Bunch of crab ass bloggers got me allergic to shellfish

If I fell off in a day, man, these niggas be helpless

I be bringing on a plane 'till you lames get mailed it

It's ROYALTY and, nigga, I'm the king like Elvis

I don't talk about it, let them niggas conversate

What's the song about it? Give a D and smoke a J

We don't play, I'm so on a bench, money is the stench

Let me vent, I'mma smoke 'em out, circles from her mouth

What's my favorite sound? "Oh my God I'm cumming"

Second favorite sound? "Oh that sound like money"

Oh that sound like freedom

Oh that sound gon' need a feature but he didn't need him

I'm coming back like Jesus, color Reeces Pieces

That's the money down here, we gon' need a visa

Bread like he Anita

That's my DJ, thank you DJ Drama

Came in this bitch like my baby mama

I believe in karma so I run the summer

All I got is checks, check out all these commas

Check out how I'm eating, it is very cool

James White a nigga, man I'm such a fool

I'm doing me so cold, this nigga spitting so cold

This girl 20 years old, she know she 'bout to get choose

That rabbit hole, I'm talking shit, but I'm rapping though
And that IRS and I'm taxing hoes and I saw the check
And said that's moves, that's moves
Why my clique so animal? Why my clique so Set It Off?
When I'm Queen Latifah you know I'm eatin', I fucked it up
Niggas think we ain't tough enough, niggas think we was born rich
Niggas thinking a lot of shit, niggas don't know a wars coming
Niggas don't know I saw something, killing trees, Paul Bunyon
Bunyon foot, foot clan, klans man... Alamo
Stream of conscious, I don't know
Flow was done a long time ago, and I feel for niggas who save a ho
I ain't got time and I'm throwing up like gang signs
But that was not the case
You niggas with your lifestyle as nice as my place
I'm eating off these white kids, I don't need their plate
We burning down that blue dream, she sitting on my face
I'd leave it on her backside, but that'd be a waste
That be a waste, that be a waste[Outro]
