On My Way

Foxes

Colours are fading fast from my memory
But I know you're still haunting everything
And though someday maybe I'll be okay
But I can't escape, no noI've damned myself tonight
I pray I'll be alright
But you let me down I swear
Trying to cut you out
Can't even scream and shout
'Cause you left me numb my dearOh, won't you let me go?
Don't say it's okay
I was on my way to healing, ohIt's something I just need to learn
Every time I feel alone
I can't keep running back to you again
You turned my golden into dust
Rain on me until I rust
All I do is run to you againSummers are over, lights can shine again
Giving myself to something I can't mend
And I know someday maybe I'll be okay
But am I to blame? Oh noI've damned myself tonight
I pray I'll be alright
But you let me down I swear
Trying to cut you out
Can't even scream or shout
'Cause you left me numb my dearOh, won't you let me go?
Don't say it's okay
I was on my way to healing, ohIt's something I just need to learn
Every time I feel alone
I can't keep running back to you again
You turned my golden into dust
Rain on me until I rust
All I do is run to you againBaby, I was on my way
I was on my way, I was on my wayBaby, I was on my way
I was on my way, I was on my wayBaby, I was on my way
I was on my way, I was on my wayBaby, I was on my way
I was on my way, I was on my wayIt's something I just need to learn
Every time I feel alone
I can't keep running back to you again
You turned my golden into dust
Rain on me until I rust

All I do is run to you againBaby, I was on my way
I was on my way, I was on my way
