

5 Minutes Ahead of the Chaos

Superdrag

Are we 5 minutes ahead of the chaos?
5 minutes ahead of the chaos
5 minutes ahead of the chaos
5 minutes ahead or 5 seconds away I always knew this day would come
Citizens of Babylon get ready to run
This is why we fight to live
We've still got the right to live We come from a nation that eats it young
Nothing you've been told was true
Is this the sound of our subjugation?
What do you expect me to do?
I don't wanna hear it, yeah, yeah, yeah
I won't go near it, all I wanna know is Are we 5 minutes ahead of the chaos?
5 minutes ahead of the chaos
5 minutes ahead of the chaos
5 minutes ahead or 5 seconds away It's not just the president
It's their satanic cabal that set the precedent
Causing national catastrophes
Filthy rich and drunk on blasphemy We come from a nation that eats it young
Nothing you've been told was true
Is this the sound of our subjugation?
What do you expect me to do?
I don't wanna hear it, yeah, yeah, yeah
I won't go near it, all I wanna know is Are we 5 minutes ahead of the chaos?
5 minutes ahead of the chaos
5 minutes ahead of the chaos
5 minutes ahead of the chaos
