Out of the Question

Gilbert O'Sullivan

One minute you say you will and the next you won't
One minute you want me and the next you don't
You're turning me upside down, giving me the run aroundDon't think that I don't know, I do
Don't think that I won't go, you watch me
It isn't out of the questionOne minute you're kissing me and the next you're not
One minute you remember and the next you've forgot
I don't like it one little bit, you're giving me the slipDon't think that I don't know, I do
Don't think that I won't go, if you want me
It's really out of the questionBetween us we could have conquered Everest
Sailed empty handed around the world
But no, you couldn't wait
You had to go make the fatal mistake of leading me on
You silly girl that was wrongDon't think that I don't know, I do
Don't think that I won't go, you watch me
It isn't out of the questionOne minute you're full of life and the next you're sad
One minute you're marvelous and the next you're bad
I don't like it one little bit, you keep giving me the slipDon't think that I don't know, I do
Don't think that I won't go, if you want me
It's really out of the questionI'm doing my best and I don't know why
I'm giving her a call and there's no reply
She's getting me down till I can't get up
She's giving me hell and if that's not enoughShe's breaking my heart nearly every day
Not only in pieces but every way
I'm sorry of course but the fault is hers
I'm doing my best and I don't know whyI'm giving her a call and there's no reply
She's getting me down till I can't get up
She's giving me hell and if that's not enoughShe's breaking my heart nearly every day
Not only in pieces but every way
I'm sorry of course but the fault is hers
I'm doing my best and I don't know whyI'm giving her a call and there's no reply
She's getting me down till I can't get up
She's giving me hell and if that's not enough
She's breaking my heart nearly every day
