

I Saw a Tiger

I Saw a Tiger: Joe Exotic
Lyrics transcribed by: Andy Roller

Tell all the hunters
to lay down their guns
tell em that the tiger
needs a little bit of love

let em run the jungle
let em roam their land
then stand back and marvel
what a beautiful cat

cause I saw a tiger
and now I understand
I saw a tiger
and the tiger saw a man

I can give em a home
safe and warm
but the law wants to ban me
can you tell me who's wrong
everytime they move
everytime they breathe
I can feel their power
I can feel their peace

cause I saw a tiger
and now I understand
I saw a tiger
and the tiget saw a man

time is a tickin
it'll soon be gone
so you better take a picture
what a sad sad song
call it armageddon
such a painful loss
when they kill all the tigers

in the holocaust

cause I saw a tiger
and now I understand

I saw a tiger
and the tiger saw a man

well I saw a tiger, now I understand
well I saw a tiger, now I understand
well I saw a tiger, now I understand

well i saw a tiger
now do you understand
well I saw a tiger
and the tiger saw a man
