

Call Your Girlfriend

Erato

Call your girlfriend
It's time you had the talk
Giver your reasons
Say it's not her fault

But you just met somebody knew Tell her not to get upset, second guessing everything you've said and done
And then when she gets upset tell her how you never meant to hurt no one
You just tell her that the only way her heart will mend is when she learns
To love again

And it wont make sense right now but you still her friend and you that let
Her down easy Call your girlfriend

It's time you had the talk
Give your reasons
Says it's not her fault

But you just met somebody knew Don't you tell her how I give you something you never even knew you missed
Don't you even try to explain how it's so different when we kiss
You just tell her that the only way her heart will mend is when she learns
To love again

And it wont make sense right now but you still her friend and you let her
Down easy
