Hello

Sita

Why should I go, why should I care
How could I know, it wasn't fairWhat if I forget it all
What if I sayHello, I'm the one you've been looking for
I know that it's true
Lets go, I don't know if you're really sure
I don't have a clueI try to go, I try to care
It didn't show, it wasn't fairWhat if I forget it all
What if I sayHello, I'm the one you've been looking for
I know that it's true
Lets go, I don't know if you're really sure
I don't have a clueI try, I try, I try, I try
To show, to show
But I don't knowI try, I try, I try
To show, to show
But I don't knowHello, I'm the one you've been looking for
I know that its true
Lets go, I don't know if you're really sure
I don't have a clueSay hello, I'm the one you've been looking for
I know that its true
And lets go, I don't know if you're really sure
I don't have a clue
