## Kevin Mccal

[Kevin McCall Verse]

Look at her booty  
Don't you see her booty [x2]  
Judy got a booty from here to there  
Make a nigga smile from ear to ear  
Order 3 more bottles of that belvedere  
Then i point her out like you come here  
You come here and you come here  
Booty sittin higher than a flight of stairs  
Some can make it clap some really cant doe  
Them alabama girls said its all in the ankles  
Speakins of ankles  
Bend over and touch yo toes  
And pop it and make it roll I'm lovin this angle  
I love this view that I'm lookin at  
Dress so elegant ass like a elephant  
Shawty got me hotter than i ever been  
So Imma give it to her like a motherfuckin veteran  
Body so sick so this dick be the medicine  
And ion know her name she told me but all I heard is

[Chorus]

Yeah, she make the club go crazy  
And the way she move her body is amazing  
Yeah, she got me going insane  
And ion really know her name  
I just call her big booty judy [x8]

[Chris Brown Verse]

Now judy is her name  
I beat it out the frame  
She not messin with no bustas or no suckas cuz they lame  
She drop it low and speed it up  
Other niggas freezin up  
Cuz when they see that ass  
They like damn what you feedin her  
Her body so ridiculous  
I kiss it where she ticklish

Big booty world record you can find it up in guinness

No its not a gimmick shawty she the truth  
She got a big donk  
Damn girl I'm horny and you know I want it  
Booty so big I can put 10 bottles on it  
I tell her hold this she got baby makin ...  
So I pulled her pants down and gave her lingere a kiss  
Ms parker ms parker  
When you gone let me (ohh) ms parker  
She whispered in my ear right now  
Then me her and her booty all smiled

[Chorus]

[Ludacris Verse]

They call her big booty judy  
And she got the game wrapped up  
Fluffy like pancakes mixed down and stacked up  
She'll make u wanna flirt she'll make you studder first  
Sweeter than angie mama but I call her mrs butterworths  
Hoe don't be quick to lookin good enough to sop her up with a biscuit  
So ... so southern playerlistic  
My cadillacs music shakin the frame just like her booty  
And when she walk past all the kids say "hey big booty judy"  
Ass like a movie keep it rollin like the credits  
And she gets it from her mama yeah its all in they genetics  
So she got some strong genes plus she got some strong jeans  
To hold all that ass together she's a rebel na mean  
To get in and out of clothes she need a special made tailor  
She got to do her squats and keep a special made trainer  
And she needs a man to tame her  
And I fit that description  
She text me twice at night  
And then I fill up her prescription

[Chorus]
