

# Have Faith in Me

## A Day to Remember

Have faith in me 'cause there are things  
That I've seen I don't believe  
So cling to what you know and never let go  
You should know things aren't always what they seem I said I'd never let you go and I never did  
I said I'd never let you fall and I always meant it  
If you didn't have a chance then I never did  
You'll always find me right there again I've gone crazy 'cause there are things in the streets  
I don't believe  
So we'll pretend it's alright and stay in for the night  
What a world, I'll keep you safe here with me  
(With me) I said I'd never let you go and I never did  
I said I'd never let you fall and I always meant it  
If you didn't have a chance then I never did  
You'll always find me right there again I said I'd never let you go and I never did  
I said I'd never let you fall and I always meant it  
If you didn't have a chance then I never did  
You'll always find me right there again They've got me on the outside looking in  
But I can't see at all  
With the weight of the world on my shoulders  
They just want to see me fall They've got me on the outside looking in  
But I can't see at all  
With the weight of the world on my shoulders  
They just want to see me fall  
Have faith in me I said I'd never let you go and I never did  
I said I'd never let you fall and I always meant it  
If you didn't have a chance then I never did  
You'll always find me right there again I said I'd never let you go and I never did  
I said I'd never let you fall and I always meant it  
If you didn't have a chance then I never did  
You'll always find me right there again I said I'd never let you go and I never did  
I said I'd never let you go and I never did  
I said I'd never let you go and I never did  
I said I'd never let you go and I never did
