

# Do It All Night

Prince

Pardon me, I want to talk to you  
I may be kinda shy But I just gotta tell you what I'm going to do  
Someone over there says he wants to get to know you  
I don't care 'cause I really want to hold you  
And I'm so scared that he might do something to you that you like  
I've been waiting such a bloody long time just to get this close to you  
Now that you're near me  
I want you to hear me  
I'll tell you what I want to do  
Oh, I want to do it  
Do it all night  
I want to do it  
Do it to you right Giving up so easy  
Is something that I never do  
But I'm so easy, so easy when it comes to loving you  
Can't you understand that I want to hug and kiss you  
I'll do anything I can just to give you happiness  
And I drown, baby, drown, baby, in your arms  
Come on baby, can't you get to this?  
I've been waiting such a bloody long time and you're talking to someone else  
Now that I've got your attention  
There's something I want to mention I want to do it  
Do it all night  
I want to do it, oh yeah  
Do it to you right Do it all night  
I, I want to do it, oh yeah  
Do it to you right I, I, I want to do it, oh  
Do it all night  
Do, do it to you, do it, oh  
Do it to you right Gotta, gotta do it, do it  
Do it all night  
Do it to you right Do it all night  
Do it to you right
