

# Helping Hand

## Stuart Duncan

Everybody needs a helping hand  
Take a look at your fellow man  
And tell me what can I do today'Cause everybody needs a helping out  
If that ain't what it's all about  
Tell me what, what can I do  
What can I do today?We've all seen trouble from time to time  
There is a mountain ahead  
I've got no strength to climb, heyIf you're feeling that you're strong  
Reach out to me  
I hope this journey won't take long  
But won't you please  
Have mercyEverybody needs a helping hand  
Take a look at your fellow man  
And tell me what can I do today'Cause everybody needs a helping out  
If that ain't what it's all about  
Tell me what, what can I do  
What can I do today?What can I do todayI'm talking 'bout the soul all alone  
Needing the daily bread  
Someplace to lay his head, yeah, heyAnd I'm talking about the neighbor on your street  
Won't you look him in the eye  
Take time to speak  
That's mercy, yeah'Cause everybody needs a helping hand  
Take a look at your fellow man  
And tell me what can I do todayEverybody needs a helping out  
If that ain't what it's all about  
Tell me what, what can I do  
What can I doLove one another  
Sister and brother  
Love is the only way, heyEverybody needs a helping hand  
Take a look at your fellow man  
And tell me what can I do todayEverybody needs a helping out  
If that ain't what it's all about  
Tell me what, what can I do  
What can I do today?Everybody needs a helping hand  
Take a look at your fellow man  
And tell me what can I do todayWell, everybody needs a helping out  
If that ain't what it's all about  
Tell me what, what can I do todayEverybody needs a helping hand  
Take a look at your fellow man

And tell me what can I do today'Cause everybody needs a helping out  
If that ain't what it's all about  
Tell me what, what can I do  
What can I do today?What can I do today  
Everybody needs a helpin', helpin'  
Everybody needs a helping hand  
Everybody needs a helpin', helpin'  
Everybody needs a helping handEverybody needs a helping hand  
Everybody needs it, oh, everybody needs it  
Everybody needs a helping hand  
Everybody needs it, oh, everybody needs it  
Everybody needs a helping hand  
Everybody needs it
