

# Tougher Than It Is

## Cake

Well there is no such thing as you  
It doesn't matter what you do?  
The more you try to qualify  
The more it all will pass you by  
Some people like to make life  
A little tougher than it is  
Some people like to make life  
A little tougher than it is  
Well the more you try to shake the cat  
The more the thing will bite and scratch  
It's best I think to leave it's fur  
And to listen to it's silky purr  
Some people like to make life  
A little tougher than it is  
Some people like to make life  
A little tougher than it is  
Ohh yeah  
[Incomprehensible]  
Well there is no such thing as you  
It doesn't matter what you do?  
The more you try to qualify  
The more it all will pass you by  
Some people like to make life  
A little tougher than it is  
Some people like to make life  
A little tougher than it is  
(A little tougher than it is)  
Some people like to make life  
A little tougher than it is
