

Crown You with Love (feat. Wendy Guajardo)

Upper Room Music

My heart desires You
My soul, it longs for You
In Your presence, my mind finds rest
In Your presence, where I can be myself

To know You, to love You
To find you as I seek You
My heart desires You

Let me crown You with love, let me crown You with praise
I let go, Iâ€™m surrounded by You
Let me crown You with love, let me crown You with praise
I let go, Iâ€™m encountered by Grace
Let me crown You with love, let me crown You with praise
I let go, Iâ€™m surrounded by You
Let me crown You with love, let me crown You with praise
I let go, I let go

Donâ€™t wanna look to my left
Donâ€™t wanna look to my right
Wanna to gaze in Your eyes, it reveals who You are

To trust You is to love You
To trust You is to love You
I let go, I let go
