Have Your Fun

Stage Bottles

Everybody's got his problems, the problems of normal life,
You lost your girl, your boyfriend. It's happened many times before. Many times!
So you're not the first one, so you think there's something special!
Don't hang around in depressions, it doesn't make any sense! No sense!

So have your fun now, you're never know when it's over
Oh-oh-oh, so have your fun now, just shouldn't bother!
Oh-oh-oh, so have your fun,
So have your fun now,
So have your fun,
So have your funuun,
Go!

Probably you'll go to prison, probably a session too far,
But there is always somebody, who wants to destroy your life. Your life!
Don't let them do it, destroy them before they do it with you, but be aware now, life is a war for pleasure. A war!

So have your fun now, you're never know when it's over
Oh-oh-oh, so have your fun now, just shouldn't bother!
Oh-oh-oh, so have your fun,
So have your fun now,
So have your fun,
So have your funuun,
Go!

So live your life now, for tomorrow's and today's fun,
Try to forget your problems, today you're here, so give a fuck! Give a fuck!
So look around now, look how much shit is going on. Are you threatened to li-i-fe? If not you know you'll have a love later on. Later on!

So have your fun now, you're never know when it's over
Oh-oh-oh, so have your fun now, just shouldn't bother!
Oh-oh-oh, so have your fun,
So have your fun now,
So have your fun,
So have your funuun,

So have your fun now, you're never know when it's over
Oh-oh-oh, so have your fun now, just shouldn't bother!

Oh-oh-oh, so have your fun,
So have your fun now,
So have your fun,
So have your funuuuuun!
